*Station* Madras, *Dated the* 5th Sept. 1934.

From (Name) A. Wimbush Esq., I.F.S.,
(Designation) Chief Conservator of Forests.

To The Secretary to the Government of Madras,
Development Department

Sir,

The Conservator of Forests, Cotacamund Circle, has submitted a proposal to change the headquarters of the Forester and special duty Forest Guard from Jedkal to Kollur in Mangalore North Division in the following circumstances.

2. A working plan for Mangalore North Division was sanctioned in my Proceedings No. 490 Press, dated the 1st November 1933. Under the provisions of this working plan

a clear-felling working circle has been opened, the object of which is principally to experiment with the artificial introduction of teak and other deciduous species in clear-felled areas under different methods of formation. The Forester and special duty Guard at Jedkal have been put in charge of this operation. As Jedkal is four miles from the working circle, time is wasted by the Forester and the Forest Guard in going to and fro. It is therefore proposed to change their headquarters to Kollur which is nearer by two miles. Though Jedkal was a suitable centre when the staff had only protective duties in the old days, normal progress, involving the making of plantations under the new working plan, has made it necessary for the two subordinates to live in the village nearest to the planting site.

3. As Kollur falls within unhealthy locality, the Forester and the Guard will be eligible for special pay at Rs 9/- and Rs3/- per mensem respectively. With reference to Note under Rule 51 of the Madras Travelling Allowance Rules as amended by G.C.No. 161 Finance, dated 17-3-1933, I request that Government will be pleased to accord sanction to change the headquarters from Jedkal to Kollur.

Headquarters - Forester and Forest Guard at Jedkal - change to Kollur - Your reference No.5720/34-D2 dated 5-9-34.

---

Will you please let me know whether the proposal contained in your letter read above involves the abandoning of any quarters or buildings constructed for the forester or the forest guard at Jedkal. If so, please furnish details.

---

Copy of reply T.M. dated 24-9-34.

---

Ref. your telephone message dated 21-9-34. regarding the change of Headquarters of the Forester and Forest Guard at Jedkal.

---

The proposal will result in the Forester's quarters and one line in the treble Guards' shed becoming vacant. The District Forest Officer proposes to utilise the above buildings as kitchen and servant's quarters for the Jedkal Rest-house, which at present has none.

Finance (C.S.R.)

The proposal to change the headquarters of the Forester and the Forest Guard from Jedkal to Kullur involves an extra cost to Government of Rs.144 per annum in the grant of unhealthy locality allowances to them.

The reasons given by the Chief Conservator of Forests for this proposal are.-

A clear-felling working circle has been opened the object of which is principally to experiment with the artificial introduction of teak and other deciduous species in clear felled areas under different methods of formation and that the Forester and the Forest Guard at Jedkal have been put in charge of this operation. As Jedkal is 4 miles from the working circle, time is wasted by the Forester and Forest Guard in going to and fro. Kullur is stated to be nearer the working circle by 2 miles. The proposal will result in the Forester's quarters and one line in the Guards' shed becoming vacant; but the District Forest Officer proposes to utilise these quarters as kitchen

para 2, p. 2 cf.

A on p. 2 cf.

B on p. 2 cf.

M on p. 2 ante

and servants' quarters for the Jedkal rest-house which at present has none.

2. It is not known whether there are any other villages which are not unhealthy and which are as near or nearer than Kullur to the working circle area. The distance gained by moving to Kullur will be only 2 miles and it seems doubtful whether this will result in any appreciable advantage. Kullur being an unhealthy tract, the Foresters will be exposed to the unhealthiness of the place and there will be the risk of their falling ill. It seems also undesirable that a Government servant should live in an unhealthy area, if that can be avoided. It appears that the advantage resulting from the move will be more than offset by its disadvantages. Further, Jedkal is more centrally situated taking the entire jurisdiction of the subordinates into account and if the move to Kullur saves them some distance in respect of their journeys to the working circle area, it must naturally lead to increase in the distance to be covered in respect of some of the other journeys.

It is also submitted that the proposal will result in loss of rent for Government quarters at Jedkal and possibly lead to proposals for construction of quarters at Kullur.

3. In view of the above, and as a distance of about 4 miles to reach a workspot does not appear to be

excessive for executive subordinates of this class it is submitted that the Development department may be requested to negative the proposal.

Dev. Dept.

To Asst Secy.

Please see the Fin. note above. With ref. to portion 'A' of their note at P. 4 ante, it is submitted that, presumably, there is no other village which is not unhealthy and which is as near as or nearer than Kadur; or else the C.C.F would have himself ordered the change of headquarters with ref. to the powers vested in him under Note 2 to Rule 50 of the Madras Travelling Allowance Rules without making any reference to Govt.
